

2025 ANNUAL REPORT

Celebrating 15 years!

ANNUAL LETTER FROM OUR EXECUTIVE DIRECTOR AND BOARD CHAIR

This has been a year of change and challenge, and it has reaffirmed that the mission of the Dream Project is more important than ever. It has been an honor to serve as Board Chair and Executive Director, and we are proud of what our community has accomplished together. Fifteen years ago, a community of students, parents, and local leaders—including Dr. Emma Violand-Sánchez—came together with a bold vision: to ensure immigrant students could pursue higher education regardless of their immigration status. They began by awarding four scholarships of \$1,000 each. Today, the Dream Project awards more than 100 scholarships annually, each valued at \$4,000. This remarkable growth is a testament to the vision and dedication of our founders, board members, staff, mentors, families, and donors who make this work possible.

Over the past year, we have focused on strengthening our programs, building infrastructure, and transitioning day-to-day operations from the board to staff. Already, we are seeing the positive results of these efforts. Our Annual Scholarship Award Ceremony was the most attended in our history, with over 300 participants celebrating our scholars. And in collaboration with Stanford University, we launched Bridge to Dreams—a virtual summer mentorship program beginning in July that pairs college-ready high school seniors with Stanford graduate student mentors. This initiative fosters opportunities for higher education, improve college acceptance rates for immigrant students, and expand representation in academia.

We have also worked to meet the evolving needs of our community. Through monthly legal information sessions, we created space for students and families to better understand their rights, navigate the impact of recent Executive Orders, and access mental health resources, including our monthly Solidarity Circles. These conversations are part of our unwavering commitment to support our community during these challenging times.

Looking ahead, our FY2026–2028 strategic plan charts a bold course. We aim to increase scholarship amounts each year, with the long-term goal of awarding a scholarship that covers a full year at a community college. For the second year in a row, our revenue exceeded \$1 million, which allowed us to raise scholarship awards by \$500. Building on this momentum, our new plan sets a target of 15% annual revenue growth to keep pace with our vision. We are inspired by the generosity of our donors, grantors, businesses, and faith-based partners as we work toward this goal. As we look to the year ahead, we are excited for the opportunities and challenges before us. Together, with your continued support, we will strengthen our services and expand the impact of our scholarships. Thank you for walking alongside us in this mission.

WITH GRATITUDE,
TIM LAWLER, BOARD CHAIR &
KAREN VALLEJOS CORRALES,
EXECUTIVE DIRECTOR, 2025

WHO WE ARE

Mission: We empower students whose immigration status creates barriers to higher education by working with them to succeed in college through scholarships, mentoring, family engagement, and advocacy.

OUR 2024-25 STAFF

Karen Vallejos Corrales, J.D., Executive Director
Michele Connelly, Director of Development
Cecilia Morales, Director of Operations
Iman Mekonen, Comms. & Advocacy Coordinator
Katherine Fernandez, Program Assistant
Belinda Passafaro, Case Manager
& Senior Consultant
Roshell Andrade, Mentoring Coordinator
Paola Montano, Bookkeeper
Hareth Andrade, Comms. & Events Coordinator
Monica Castillo, Development Assistant
Zuraya Tapia-Hadley, Incoming Executive Director

OUR 2024-25 BOARD

Tim Lawler, *Board Chair*
Julie Zalkind, *Board Vice Chair*
Robert Remes, *Treasurer*
Nancy McEldowney, *At-Large*
Meg Tucillo, *At-Large*
Dayana Hudson, *Secretary*
Ninfa Amador-Hernandez, **Monica Burgos**,
Dawn Cutler-Tran, **Ann Kennedy**, **Ron Pillay**
Kulathuran, **Jeff Miles**, **Melanie Nezer**, **Marie Price**, **Giancarla Rojas**, **David Rothwell**,

MENTORING PROGRAM

Our year-long College Track program supports high school seniors as they navigate the college application process.

Students receive guidance in researching schools, writing personal statements, and understanding financial aid. Mentors—many of whom are professionals, college students, or alumni—serve as role models, helping students build confidence and develop realistic, achievable college plans.

MENTORS MAKE THE BIGGEST DIFFERENCE

“Meeting weekly with my mentor helps me keep track of tasks and get work done; and my mentor is someone I know I can turn to for guidance.”

NEW TECHNICAL CAREERS

CTE careers pursued by 2025 scholars include: HVAC, Business Management with Accounting, RN, Electricity, and Radiologic Technology

The Dream Project CTE Scholarship is an annual, renewable award created to support immigrant students whose career goals focus on the applied skills needed for a specific trade or profession. Recipients are selected by the Dream Project Selection Committee based on their demonstrated commitment to their chosen field, work ethic, community involvement, and resilience.

The scholarship was piloted last year, and 2025 marks its first official year as a permanent part of Dream Project's programming. This expansion reflects our commitment to supporting diverse career pathways and ensuring immigrant students have access to the training and education needed to thrive in technical professions.

THE IMPACT

The CTE Scholarship is making technical education more affordable for students who might not otherwise have the financial means to pursue these studies. Given the specific nature of CTE career pathways, some students qualify for VASA while others do not, which creates an additional financial barrier.

The CTE Scholarship helps close this gap by providing essential funding and connecting recipients with professional development opportunities through Dream Project's other programs, ensuring they can move forward in their technical career goals.

PARENTS

Since its inception, the Dream Project has thrived thanks to the unwavering commitment and involvement of parents. What began as a small group of dedicated founding parents determined to help their children pursue higher education, despite numerous challenges, has grown into a vibrant and enduring community support network.

This year, the Dream Project took intentional steps to institutionalize family engagement by incorporating it into our core programmatic goals, ensuring that parent participation remains a cornerstone of support for our mentees and scholars.

Furthermore, the Parents' Committee—composed of both founding and newer families—has long played a vital role in the organization. The committee has spearheaded fundraising initiatives, fostered networks of mutual support, and led outreach efforts to immigrant communities, schools, churches, elected officials, and advocacy organizations.

23'

15'

TODAY

25'

This year, an agreement was made to formally incorporate the Parents' Committee into the organization's bylaws as an ad hoc committee, ensuring that parents continue to play a key role in strengthening the Dream Project's growth, sustainability, and community impact.

RISING TO THE CHALLENGE

In response to unexpected challenges this year we have adapted swiftly and strategically. Over the past year, we expanded our support services to ensure students have the tools they need to persist, regardless of the policy or political climate.

Legal Information Session and Guardianship Planning

We routinely hosted sessions on executive, court and legislative changes that provide timely relevant updates with spaces for participants to ask questions and voice concerns.

Guardianship planning: Training staff to support students and families in preparing alternative guardianship and power of attorney documents.

Emergency Aid

Amended our relief program to cover emergency legal aid costs and broaden financial support.

Data Protection Enhancements

Invested in technology and updating policies to strengthen the security of sensitive data.

Mental Health Support

Expanded existing mental health supports by: 1) partnering with George Mason University services, 2) increasing the allocated hours for the case manager and and 3) strengthening referrals to help students build resilience and access critical resources.

HOLISTIC SUPPORT

Solidarity Circles and Sharing Our Stories (SOS) Program

Launched in February 2025, the Solidarity Circles have become a sacred space for Dream Project scholars to come together, reflect, and feel supported in community.

Over six sessions, the Circles have welcomed an average of 12 participants each time. Every participant received The 5-Minute Gratitude Journal, a tool that continues to help cultivate greater joy and appreciation in their daily lives. Our very own Dream Project alumna, Girasol, an elementary school art teacher, co-facilitated several of these sessions and led meaningful artistic experiences that inspired cultural identity and celebration, deepened relationships, and cultivated greater gratitude and joy within the Dream Project community.

SOS: Began prior to the current political climate, the program involves a creative workshop series that fosters resilience and healing through storytelling, art, and reflection.

HOLISTIC SUPPORT

Over the past year, the Dream Project has deepened its commitment to holistic support ensuring scholars have access not only to academic and financial resources, but also to spaces and services that nurture their mental, emotional, and personal well-being.

MENTAL HEALTH SUPPORT

The Dream Project covers the cost of the initial 8 counseling sessions for each scholar to help ensure access and equity, while also continuing to subsidize additional sessions at a very minimal cost. These confidential resources support scholars in crisis, in navigating major life transitions, and seeks to help them balance the demands of work, academics, and family responsibilities, within a trauma-informed lens, while helping them maintain overall wellness.

College Coaching in Partnership with Beyond 12

27 students who participated in Beyond 12 (2024–2025):

College is a significant adjustment. During the 2024–2025 academic year, first-year college scholars worked closely with a Beyond 12 coach to navigate the challenges and uncertainties of their transition to college life. Students received coaching on common first-year issues such as registering for classes, overcoming technology challenges, and balancing financial and social pressures. Many also worked with their coach to improve balance between work, family, and school responsibilities.

Refurbished Laptop Program

10 students received a refurbished laptop:

A reliable computer is essential for success in college. If you are a Dream Project Scholar and your computer is not functioning properly, check with your school's technology office to diagnose the issue and obtain a repair estimate. The Dream Project will collaborate with you to find a solution—either by funding necessary repairs or by providing a refurbished laptop.

Scholars Check-In Program

10 student in the check-in program:

The Dream Project is committed to ensuring that every scholar maintains eligibility for scholarship renewal. During the 2024–2025 academic year, the Scholar Check-In Program supported 10 scholars who needed additional assistance to meet academic eligibility requirements for the upcoming scholarship cycle. Through regular check-ins, our case manager works closely with each student to provide personalized guidance on academic progress, time management, and overall wellness—helping them stay on track and thrive academically.
